

Memo

To: Utilities Committee members
From: Ann Bailie
CC: Council members Lambeth and Meredith; Staff
Date: September 28, 2005
Re: October Meeting Cancellation

Please be advised that the Utilities Committee meeting scheduled for October 4, 2005 has been canceled due to lack of agenda items.

Please plan for a November 1, 2005 meeting. At that time we will discuss street lights, drainage ponds and other items as yet unknown.

Street Lights: Please remember to check the lighting at I-85 and the interchanges at Finch Farm and Hopewell Church. As was discussed at the Aug. meeting, Duke Power is not equipped to light the ramps, although they would be willing to provide power if the City had the lights installed and agreed to maintain them. The consensus of the Committee was to take another look at the interchanges to see if increasing the lighting might be a better solution than having the City assume the costs of installing and maintaining fixtures.

Drainage Ponds: At a previous meeting we discussed ponds and whether it would be in the City's best long term interest to assume responsibility for them. Questions arose regarding liability. At the Nov. meeting I will have additional information on the subject.
